## Temperament Guarantee

We're confident with the selection of dogs we breed with, so every Rockford Labradoodle puppy comes with a 2-year temperament guarantee.

*Peace of mind with every Rockford Labradoodle puppy.*

The Australian Labradoodle is an intelligent, fun, loyal and loving dog, with a beautiful temperament. These attributes make for the perfect family companion!

Each puppy we raise has been loved, handled, exposed to many different sounds/objects and has been socialised with children, adults and other pets to give them the best opportunity to succeed in their life ahead.

As a new owner of a Rockford Labradoodle puppy, you will be provided with a valuable information kit: how to prepare for your puppy, equipment required, what to expect when your puppy comes home and a training manual to follow.

For our guarantee to be warranted, each owner must:

- Follow the Rockford Labradoodles Training Manual to assist with setting your puppy up to succeed.
- Attend a minimum of 4 weeks of a certified Puppy Preschool with your puppy.
- Socialise your puppy to the best of your ability before the puppy is 6 months old.
- Take your puppy to certified Obedience Classes and pass a minimum of Level 2 Obedience within the first 8 months of ownership.
- Contact Rockford Labradoodles 2 weeks within onset of an undesirable behaviour and follow advice provided by us or follow recommendations to behavioural trainers.

Our temperament guarantee does not cover:

- Acts of normal puppy behaviours such as chewing, digging, mouthing and destruction of objects due to ineffective supervision.
- Behaviours due to lack of socialisation and/or training.

In the unlikely event of your puppy developing a temperamental issue deemed intolerable or irreversible, we will refund up to the purchase price of your puppy or replace your puppy for free.
